

Jefferson Conservation Commission
Minutes
19 November 2024

1. The meeting was called to order at 7:00 PM, and Jamie Savage, Charles Muller, and David Govatski were present. David Passios of Jefferson was also present for the meeting.
2. The October Minutes were approved.
3. Israel River – Carter Cut Bridge issue. David Passios provided an update on his meetings with Kelly Eggleston of the Natural Resource Conservation Service about advising what to do with the build up of gravel by the Carter Cut Bridge. The JCC suggested that Mr Passios contact the Connecticut River Conservancy to see if they can look at the problem. Mr Passios contacted them and they will send an engineer to review alternatives. The JCC asked to be notified of the site visit so that we could have a representative present. The role of the JCC is to assist landowners in the preparation of wetland permits and we are prepared to assist.
4. There was no other new business.
5. The meeting adjourned at 7:50 pm.
6. The next meeting is scheduled for Tuesday, 21 January 2025. There will be no December meeting due to the holidays.

David Govatski drafted these minutes on 21 November 2024
